To Convenor of All Affiliate Clubs of LBA :

Although the enrollment for the 2025 Summer League has been completed, as the person-in-charge of an affiliate club, whether yours is a private club or a public club using a public green as home green, you may still consider to use Mei Foo (MF) as your home green for the Summer League. Advantages of using an indoor green as home green include you can save all the troubles of rescheduling games due to inclement weather, and that the stable condition of an indoor green will give you the real advantage of a home green. In addition, we also provide you with free practice time which will sure help to enhance the results of your team(s) !

The Summer League lasts for about 8 months, and the Summer Vacation in July/August divides it into two half-seasons. The 9 home games will normally be assigned 4 to 5 to the first half-season and the remaining 5 to 4 to the second half-season. For those affiliate clubs which have more than 1 team, LBA allows them to use two different greens as home green, including MF.

A. Things to note if choosing MF as home green :

1. The green will be divided into 2 groups : rinks 1,2,3 belong to 1 group, and rinks 4,5,6 belong to another group. If two teams choosing the same group of rinks and are assigned to play on the same day and same time, the priority of use will be in accordance with the LBA sequence.

2. The most common time slots for League Games are

- (a) Saturday 3.00 pm – 7.00 pm
- (b) Saturday 7.00 pm – 11.00 pm
- (c) Sunday 3.00 pm – 7.00 pm

Each time slot can accommodate 2 teams, home and away together meaning 12 teams can use MF as home green. If necessary, the following can be added :

- (d) Sunday 7.00 pm – 11.00 pm
- (e) Sunday 10.00 am – 2.00 pm
- (f) Saturday 10.00 am – 2.00 pm

Home and away together, (a) to (f) can accommodate a maximum of 24 teams using MF as home green.

The date and time of a game will be arranged by LBA, normally based on gender and division.

3. The charge for using a rink is HK\$60 per hour, thus the total charge for a league game is HK\$720 (HK\$60 x 4 hours x 3 rinks). Non-member fee will NOT be charged for both home and away players.

In case a match overruns :

 - (b) If there is another match using the same rinks in the following time slot, and that the players of the following match do not want to delay their starting time, the original match will have to be suspended and to be played some other day; recommenced match will also be charged at HK\$60 per hour for the rink(s) to be recommenced (play time less than 1 hour will be counted as 1 hour).
